

Seaweed collecting trip Roches Point, Co Cork

The trip is about 40 k and according to route planner 38 min so lets say an hour (60 min) leaving from the Clayton. There is a car park at roches point to park a bus there , so all good. See photo. From the carpark it is literally 2 min to the beach and 200 m walk to the lighthouse with quaint houses and marine view. Last picture I made myself somewhere in 2005 I think. Good sloping beach plenty of seaweeds and rockpools. We could do the picknick on the beach if we bring some apple pies etc and coffee and some sandwiches?

Low tide at 1 pm with a 0.7 tide , not too bad. So suggest we leave at 9 -9:30 from Clayuton and arrive at 10:30-ish and people walk to lighthouse, make photos etc, then say 11-11:30 we start on the beach and explore till 1 pm , have coffee sandwich and pie and we leave again and 1;30-1:45 pm. To cork airport is 47 min but count an hour again and we go through cork it self so can drop off people first before continuing to cork airport.

Route back going to the airport as final destination (people would arrive at 3 pm) I presume we rent the bus for the whole day?
